

Grass-fed Beef and Dairy Study

Special Announcement

This press release is for an 87 page study released on 3/7/06 by the union of concerned scientists. This research verifies all of the health, safety, environmental sustainability, and humane treatment claims that we have made about our grassfed beef. Our grassfed beef is now available at Publix Supermarkets and health food stores through Tree of Life.

Grass-fed Beef and Dairy Study - Greener Pastures compares grassfed beef and milk to conventional beef and milk, and it is the first of its kind to look at the nutrition, environmental, public health, and animal welfare benefits of grassfed methods... [more on this story](#). Find how where you can buy our grassfed beef from our **NEW** [store locator](#).
